Re: ASTM F432-13 Certification

This letter is to certify that all roof bolts, plates, accessories and resin capsules manufactured by Minova USA Inc. meet or exceed ASTM F432-13 specification. This letter also meets the requirements of certification required in Federal Code of Regulations (CFR) **30 CFR 75.204 Roof bolting**, requiring ASTM F432-95 and **30 CFR 57.3203 Rock fixtures**, requiring ASTM F432-83 certifications. This letter covers any products shipped during 2019.

Listed below are the manufacturing symbols used by each Minova USA steel plant:

<u>Manufacturing Symbol</u>		<u>Location</u>
"B1"	"BE1"	Bowerston, OH
"B2"	"BE2"	Clearfield, UT
"B3"	"BE3"	Marion, IL
"B4"	"BE4"	South Point, OH
"B5"	"BE5"	Grundy, VA
"B8"	"BE8"	Stoney Creek, ON
"B9"	"BE9"	Grand Junction, CO

BE – Eclipse Bolt

Please contact your local Minova USA representative if you have any questions.
